

Manual Testing Overview

I tested the banking prototype manually using the Gherkin scenarios prepared for intra-account money transfers. The testing was done to test transfer behaviour between different account types, available balance conditions, overdraft use in the Omni account, and failed transfer fee adjustments for staff and non-staff customers. These tests were done in the working Windows Forms prototype.

The purpose of this testing was to confirm that transfers only happen between the selected customer's own accounts, that balances update correctly after successful transfers, and that failed transfer fees are applied correctly when the transfer cannot be completed. The tests also checked that same-account transfer attempts are rejected.

Test Results Table

Test ID	Scenario	Setup / Input	Expected Result	Actual Result	Status
T1	Successful transfer from Everyday account to Investment account	Everyday balance 500, Investment balance 900, transfer 200	Transfer succeeds. Everyday becomes 300. Investment becomes 1100. No fee charged.	As Expected	Pass
T2	Failed transfer from Everyday account due to insufficient balance	Everyday balance 500, Investment balance 900, transfer 600	Transfer fails. Everyday remains 500. Investment remains 900. No fee charged.	As Expected	Pass
T3	Successful transfer from Investment account to Everyday account	Investment balance 1200, Everyday balance 300, transfer 200	Transfer succeeds. Investment becomes 1000. Everyday becomes 500. No fee charged.	As Expected	Pass
T4	Failed transfer from Investment account for general customer	Non-staff customer, Investment balance 900, Omni balance 1100, transfer 1000	Transfer fails. Failed fee 15 is charged. Investment becomes 885. Omni remains 1100.	As Expected	Pass

T5	Failed transfer from Investment account for staff customer	Staff customer, Investment balance 900, Omni balance 1100, transfer 1000	Transfer fails. Failed fee 7.50 is charged. Investment becomes 892.50. Omni remains 1100.	As Expected	Pass
T6	Successful transfer from Omni account using available balance	Omni balance 1100, overdraft limit 150, Everyday balance 400, transfer 1000	Transfer succeeds. Omni becomes 100. Everyday becomes 1400. No fee charged.	As Expected	Pass
T7	Successful transfer from Omni account using overdraft	Omni balance 1100, overdraft limit 150, Everyday balance 400, transfer 1200	Transfer succeeds. Omni becomes -100. Everyday becomes 1600. No fee charged.	As Expected	Pass
T8	Failed transfer from Omni account for general customer beyond overdraft limit	Non-staff customer, Omni balance 1100, overdraft limit 150, Everyday balance 400, transfer 1300	Transfer fails. Failed fee 10 is charged. Omni becomes 1090. Everyday remains 400.	As Expected	Pass
T9	Failed transfer from Omni account for staff customer beyond overdraft limit	Staff customer, Omni balance 1100, overdraft limit 150, Everyday balance 400, transfer 1300	Transfer fails. Failed fee 5 is charged. Omni becomes 1095. Everyday remains 400.	As Expected	Pass
T10	Transfer is not allowed to the same account	Everyday balance 500, transfer 100 to same Everyday account	Transfer fails. Everyday remains 500. No fee charged.	As Expected	Pass
